PRESS RELEASE - Madrid, March 15th 2012

Cheese Please - Strategic puzzle game of survival

Genre: Puzzle game

Release date: March 15th 2012

Platform: iOS (iPhone, iPad & iPod touch) & Android

Developer: Noobware

Audience: General - All ages

Publisher: Gamevil Inc.

Suggested retail price: Tier 1 (99 cents) for iPhone & Tier 3 (\$1.99) for iPad

Puzzle fans will love this game. Easy to play yet difficult to master, this simple and entertaining game will keep you hooked for hours!

How far would you go for a slice of cheese?

Lola, the adorable and crafty mouse, would go through extreme lengths for just a few nibbles. The objective of this game is to guide Lola through various mazes to help her find her favorite food: cheese. Move across mind-boggling traps and moving electric walls to snatch a few bites of delicious cheese in this extremely addictive game.

This charming game is equipped with visually appealing graphics, a mysterious yet playful soundtrack, and easy to use controls making this game fun and challenging for all ages!
